Dear Mr. Martino:

Re: Partners in Catholic Education Committee

It has been my pleasure to work with the Director, Bishop Knight, Trustees, parents, students and elementary and secondary teachers and principals towards a colloquium of the Catholic community in January 1999.

However, given the very shabby treatment of secondary teachers by the Trustees, locally and provincially, I can no longer take part nor will TSU help to subsidize this event.

It is indeed unfortunate that the Trustees have undone all the efforts by the Director and the TSU Executive to build a collaborative, collegial relationship

Sincerely

Steve Kirby
President
